

# The Respiratory System at a Glance

The Respiratory System at a Glance is a concise, readily accessible introduction and revision text for medical students. Part of the At a Glance series, the book uses one page of illustrations and one page of text per topic to explain subjects in an easy to understand and clear manner. This book is an invaluable resource for all medical students, as well as students of nursing and other allied health professions who need an introduction to the respiratory system. It will also be an indispensable resource and revision aid for Junior Doctors and Respiratory nurses. Review quotes of the first edition: An excellent book - Student review on Amazon.co.uk. Suddenly its all so simple...I thoroughly recommend this book - GKT Gazette, Autumn 2003. the book provides a succinct yet easy-to-follow approach - Cambridge Medical Magazine, Autumn 2003. ...this book would be an excellent purchase for any undergraduate medical student - 4th year, Imperial Medical School.
