

The Life and Adventures of David Lewis, the Robber and Counterfeiter (Classic Reprint)

Generally the characters are held up as worthy of admiration, and the susceptible and unsuspecting and unguarded mind is unconsciously led into the path of sin and crime. The story of the James brothers has created many admirers of those desperadoes. The killing of one of them by Ford has brought on Ford the anger and condemnation of many. To them the James brothers were martyrs and the Fords, assassins. We are desirous to contribute of our ability to aid in counteracting such evil influences; and hence republish with marked additions the life of David Lewis, the robber. A pamphlet containing his confession had been published shortly after his death, and republished with some additions in 1853. We have listened with interest to the many traditions which are still circulated, and had intended to publish several of them, but we are not writing fiction, hence the absence of such matter. C. D.
