

Vegan Desserts (Cookbooks) (Volume 2)

Vegan baking is easier than you think and indulging in your favorite dessert doesn't have to end once you choose veganism. In fact, baking is done exactly the same as before, the techniques are similar, just the ingredient list is different, replaced with much healthier and nutritious options. This book includes 50 of the most delicious and flavorful vegan recipes, from cakes to cookies, bars, muffins, breads and ice cream, but also a few smoothies that taste like dessert. There is a bit for every taste in this book and I am sure that if you feel adventurous enough, you will find a recipe on your likings in these pages. All the recipes found in this book are fail-proof and tested so rest assured that you're not risking any failures. They are all delicious, absolutely amazing in their simplicity. You can start your day with a banana walnut bread, enjoy a scoop of tofu and lime ice cream at lunch and end the day with a light, refreshing and nourishing smoothie. And these are just a few of the options available inside this book. Forget about eggs and dairy products in desserts – vegan sweets are just as rich and luscious, gooey and delicious and also healthy, loaded with nutrients and preserving the natural sweetness and fragrance of the ingredients. What more can you ask for?!!
