

# Brain Fitness: Your Comprehensive Brain Fitness Guide to Whip Your Brain into Tip Top Shape at Any Age (Brain Training and Mental Focus Book 1)

Secrets To Powerful Brain Training Techniques That Will Boost Your Mind Power, Mental Focus and Concentration Are Hereby Revealed. Read on your PC, Mac, smart phone, tablet or Kindle device. Here Is What You Will Discover in Brain Training...9 chapters of 50 in depth simple yet powerfully effective brain training strategies that will have you boosting your mental focus in just minutes each day. Look, we hear enough talk about body training, and physical strength conditioning, yet we hear nothing about brain elasticity and mind power development. In fact, most people fail to realize that you can improve your mental focus and enrich the mind with more mind power than you think is possible. Neural plasticity is a reality and you can at any age, redevelop neural pathways in the brain that are scientifically proven to enhance your thinking, mental focus, and overall mental sharpness. Don't believe the lies that as we age our brains deteriorate. It's not age, but it's our societal persuasion that brain training is a myth. I don't care if you are 10, 35, 47, or even 95 years old, your brain can function as sharp as you desire it to be. You will learn the what and the how of simple brain training techniques that will boost your mental focus and concentration almost immediately. Here is How You Will Benefit... With over 50 brain training strategies discussed in detail, you will certainly find a few favorites if not more brain training techniques that suit your fancy. Learn a little known

secret about how Braille can boost your Mental Focus FastFind out what to change in your daily routine that yield tremendous results Learn how mirrors blur your mental focus and mind power and a cool technique to reverse our dysfunctional relationship with our reflectionLearn how your fingers can tap your mental focus into high gear Much, much more!
