Powerful Desserts: The Secrets Of Making Your Guests Beg For More! Today only, get this Amazon bestseller for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Mini Intro About This Book During my childhood years, dessert was always just the usual donuts and chocolates. Fresh fruits were also served if the good kind were in season. Gourmet desserts that are elegantly plated were alien to our house, and I never really thought about serving desserts to house guests. This all changed when I learned how easy and exciting it is to prepare desserts that look like they were taken out of a magazine. The secret to keep your guests wanting more lies in the presentation and the unexpected combination of ingredients and textures. This book contains original, healthy, and easy recipes to help you effectively plan, create, and serve irresistible desserts that are bursting with flavor and style. Serving desserts at home used to be just ice cream or store-brought cake. With a little passion and creativity though, home cooks could come up with desserts that are not only pleasing to the eye and the palate, but are genuinely loved by family and friends. Because the finest desserts are so beautifully presented, most of us shy away from even thinking that we could create them in our humble kitchens. This book hopes to show you how easy it is to wow your guests with desserts, even if you are not professionally trained.

Here Is A Preview Of What Youll Learn... 1. When did we
