

Retrospect of Western Travel, Vol. 1 of 2 (Classic Reprint)

When I finished my late work on Society in America, I had not the most remote idea of writing anything more on the subject of the New World. I have since been strongly solicited to communicate more of my personal narrative, and of the lighter characteristics of men, and incidents of travel, than it suited my purpose to give in the other work. It has also been represented to me that, as my published-book concerns the Americans at least as much as the English, there is room for another which shall supply to the English what the Americans do not want a picture of the aspect of the country, and of its men and manners. There seems no reason why such a picture should not be appended to an inquiry into the theory and practice of their society ;especially as I believe that I have little to tell which will not strengthen the feelings of respect and kindness with which the people of Great Britain are more and more learning to regard the inhabitants of the Western Republic. I have, therefore, willingly acceded to the desire of such of my readers as have requested to be presented with my Retrospect of Western Travel. H. Martineau.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
