

The Brown Stuff

Out of work, late twentysomething Danny Brown still lives at home with his Dad after the death of his Mum. In an effort to make a quick quid, Danny is often drawn to more dubious means of employment involving less than savoury characters. Whilst enjoying a beer in his local pub he is made an offer too good to refuse... Primarily set in London, England and accompanied by childhood friend Jamaica Dave, the pair embark upon a journey of hope. A journey which is driven along by a local wannabe big time gangster and his ultra menacing minder. Hope soon turns to hopelessness... The Brown Stuff is the first part of a black humour fiction trilogy, featuring Danny and Daves comical adventures that many readers may (worryingly) be able to relate to. Strictly for adults only and not for the easily offended. You have been warned.
