

# Bodymind Healing Psychotherapy: Ancient Pathways to Modern Health

You've heard psychotherapists called "shrink." Bodymind Healing Psychotherapy takes the "shrink-rap" off to unveil an expansive view of psychotherapy and mind-body healthcare that includes ancient sacred wisdom traditions and energetic approaches to healing. This "era of energy," begun by Einstein, is marked by an outer energy crisis and a search for sustainable solutions. At the same time, an equally insidious "inner energy crisis" is taking place where stressed-out, battle-fatigued soldiers of the information age reach for pills or extra cups of coffee on a quest to restore depleted internal reserves. In this book you'll discover natural ways to harness the energy of life for bodymind healing, and how to sustain energy, replenish vitality, and cultivate inner peace. Drawing from 30 years of training in Tai Chi and Qigong with some of the most respected masters of these traditions, Dr. Mayer shows how to integrate the essence of these practices into psychotherapy and into our healthcare without ever doing a Tai Chi/Qigong movement, and without mentioning a word about Qigong. From this co-founder of an integrated medical clinic and award-winning author in the field of mind-body healthcare, you'll see how this integrative approach contributes to alleviate the current healthcare crisis. Ancient and modern, East and West, psychotherapy and mind-body medicine are amalgamated to make a stronger

integrative medicine. Theory, research, and case illustrations are blended as you learn bodymind healing methods for anxiety, chronic pain, hypertension, insomnia, trauma, and other common issues plaguing the modern world. You™ll learn how to use a variety of ancient pathways to help heal the mind and body such as: • Chinese medicine approaches including Qigong and acupressure self-touch • Innovative symbolic process methods stemming from age-old mythic storytelling, guided imagery, and breathing techniques • Methods drawn from ancient traditions of meditation and postural initiation

This book is oriented to mental health workers, health professionals, and members of the lay public who are interested in self-healing methods for physical and mental health. What others are saying about Bodymind Healing Psychotherapy: Drawing upon over 30 years of his psychotherapy practice and personal training, Dr. Mayer has provided a seminal contribution to the field of mind-body interventions for a wide range of common disorders. His book is profound in its scope, evidence based, bridges eastern and western traditions, and provides practical insights and skills that can be of enormous value to both individuals and organizations seeking to attain optimal health.

Dr. Kenneth R. Pelletier, Clinical Professor of Medicine, Stanford University and University of Arizona School of Medicine Author of *The Best Alternative Medicine: What Works? What Does Not?* A realization is dawning for millions of Americans: If we are to be our healthiest, we must rely on our

own inner resources.  
BODYMIND HEALING  
PSYCHOTHERAPY will help  
anyone discover and manifest his  
or her healing potential. This  
book is a dazzling  
accomplishment...a thrilling  
blueprint for the integration of  
body, mind, and spirit. Larry  
Dossey, MD Author: Reinventing  
Medicine
