

Psychology of spirituality: Creativity; Love; Life with God; Psychological and spiritual: mind, energy, space, body; Spiritual crises; Search ... sludge and purification (Russian Edition)

This book was published first in Russia in 1996. Later it was partly reprinted by pirates and published in Internet. The book consists of 2 parts. First part is about possibilities to incorporate in academic psychology the knowledge of higher states of psyche like aesthetic feelings, religious feeling of God, inspiration, higher moral feelings etc. The second part is about self-help dealing with spiritual crises - absence of meaning, inner emptiness, inability to love, and many other forms of unhappiness. As my experience showed this part was especially interesting for non-professionals.
