

First Aid for the USMLE Step 1: 2002

First Aid for the USMLE Step 1 is a user-friendly resource of the United States Medical Licensing Examination Step 1. It contains valuable information on: preparing for the exam (including test-taking strategies); special situations for students with disability or students from osteopathic, podiatric, or foreign medical schools; and must-know facts tested on the exam which basic science review products are most valuable. Features include: over 900 frequently tested facts and mnemonics from students who have just taken the test; 24 pages of high-yield colour images and 4 pages of B&W images similar to those on the exam; more than 100 clinical vignettes which highlight key areas emphasized on the exam; complete revised rating of over 300 basic science review products; and updated exam preparation guide for the computer-administered exam, including test-taking strategies.
