

# Le Point Zero: MAT, Metamodelle d'Analyse Transformationnelle (French Edition)

Pour la première fois dans l'histoire, une science précise de la connaissance du fonctionnement de l'ingénierie émotionnelle et sensorielle de la vraie structure de personnalité de l'être humain : le MAT, Métamodèle d'Analyse Transformationnelle. Une science qui a déjà plus de 22 ans de succès et des résultats vérifiés sur plus de 60.000 cas. A la portée de tous, écrite de façon simple, amusante et accessible, cette révolution de la connaissance de l'homme nous transportera, pleins d'espoir, vers la certitude de pouvoir édifier un siècle XXI véritablement civilisateur qui débarrasse l'histoire de mythes ancrés depuis la Grèce antique et qui définissent la vision des dimensions réelles de l'humain et de ses motivations fondamentales. Un livre qui bouleversera et influencera toutes les sciences humaines.
