

# Heart of Development, V. 2: Adolescence (Gestatt Press)

In these groundbreaking new collections, the reader will find an exciting, broad-ranging selection of work showing an array of applications of the Gestalt model to working with children, adolescents, and their families and worlds. From the theoretical to the hands-on, and from the clinical office or playroom to family settings, schools, institutions, and the community, these chapters take us on a rewarding tour of the vibrant, productive range of Gestalt work today, always focusing on the first two decades of life. With each new topic and setting, fresh and creative ideas and interventions are offered and described, for use by practitioners of every school and method.
