Are you stuck? Do you want to get unstuck? The problem is that you are programmed to follow the internalized social expectations of others. In addition, you need a method that will reliably show you how to find and follow your inner compass. Integral Deep Listening Techniques, Volume 3 in the IDL Practitioner Series, is designed to teach you how to interview emerging potentials, in the form of dream characters and the personifications of your life issues, that represent aspects of your inner compass. Increases in core qualities of enlightenment, including confidence, compassion, wisdom, acceptance, inner peace, and witnessing will tell you that you, your clients, and your loved ones are on the path to balance and integration.
