An emotional, poetic journey of love, sadness, hope and faith. Though she has never met him before, Isla knows who this strange and compelling man is. As resistance turns into submission, the origins of the human race, and Isla herself, are revealed. Drawn to the mysterious man with an undeniable magnetism, the emergence of the truth changes Isla forever. Included in this novella of poetry is the short story Emergence - erotic romance with a dose of science fiction blended in. The book contains adult material and is not suitable for those under the age of 18. Exploring the struggles of today and hopes for tomorrow, Soul Searching is a profound study of the human emotion.
