

Lady Dragon

In the age of knights and magic, this short tale follows the life of a young maiden whom set out on a quest for vengeance. With the ferocious might of a dragon concealed beneath her innocent appearance, the Lady Dragon seeks only to kill one man. Though her journey is long and filled with bloodshed, she never hesitates to dispose of those who stand in her way. Yet even a dragon gives pause when her life is saved... by the very man she had been summoned to destroy. Bonus feature: the epic poem of Lady Dragons life, which inspired the creation of this book, is included at the end of the tale.
