The rules at Loft 13 were simple. Rule One: NO Penetrating Nyxon, the sole vag card-carrying member of their foursome. Brayton and Dallon were as opposite as could be, and the only thing they apparently had in common was the secret they were harboring. They were in love with Nyxon. When the truths discovered, they make a deal to share Nyxon if she is willing to be with them both. But did she want either of them like that? Was there room in her bed and heart for both of them? Or would this be the end of their friendship and family? What if she didn't want either of them, would that make things awkward for the girl that had already been through so much, thus tearing their home apart? The only question they should be asking is what happens if she wants them both? ***Please note, this is NOT an erotica. This is a fuckwit, which is dark humor with heavy sexual innuendo, colorful sexuality and gender bending humor, but it does not have explicit sex in it. Sorry to disappoint***
