

The Meaning of Life: A Childs Book of Existential Psychology

In writing his book on the meaning of existence, Julian Lev takes us all the way back to the beginning. In the beginning, everyone is born. This is not the beginning of Heaven and Earth. This is our personal beginning, the point of entry for our life experience. With its simple language and compelling art, this is a story for all ages; and, as the climax suggests, may be a Story for the Ages.
