

## Buick Cannon: (A Joke From the Moon)

An off-the-wall, bloody, comical romp down an imaginative landscape! Alice in Wonderland meets An American Werewolf in London! Buick Cannon is a bookshop owner in the town of Peekie, Colorado. He is also a werewolf. After stepping into a portal on his way to work, things only begin to get zany. He is being haunted by a black mansion he knows nothing about, and a strange, itchy blood lust begins to rise in his fingers. Still, there's no moon outside. Spaceships are chasing him. He's drinking too much, and on top of everything else, he can't stop imagining his fellow coworker, Christine, naked. Buick hasn't the slightest idea what the hell is going on, and as the local law enforcement closes in, he isn't sure he can restrain himself. What follows is a bloody trail going back several centuries. But is that really the reason for everything, or is the reason for everything even more ridiculous than Buick can comprehend? Fans of Douglas Adams should find plenty of good laughs in this black comedy horror tale!
