

Beings: Existing denial (Volume 5)

Pictures aren't less of a communication than written and spoken languages, pictures aren't something for babies they're something else entirely. They're a more universal language. But they're also a poetic language when used that way, communicating something more than words usually can. This is the fifth volume of BEINGS, a picture book designed purely for adults. Its a great conversation starter, so put it on your coffee table.
