

# Do You Really Want To Get Well?

The body is designed to heal itself, if we just give it what it needs and stop sabotaging its efforts. Learn from the insight and experience of a retired medical doctor who overcame life-threatening illness, not once, but twice, to discover that there were some things about healing they don't teach in medical school. Whether you've been told that your illness is minor or irreversible, this short and easy to understand book gives you the information you need to start making better choices...choices that put you in control of your own life and on the road to vibrant health! Includes exercises to increase your awareness and natural ability to heal.
