

The Billow and the Rock: A Tale (Classic Reprint)

Scotland was a strange and uncomfoiiable country to live in a luuidred years ago. Strange beyond measure its state of society appears to us when we consider, not only that it was called aC hristian country, but that the people had shown that they really did care very much for their religion, and were bent upon worshipping God according to their conscience and true belief. While earnest in their religion, their state of society was yet very wicked :a thing which usually happens when a whole people are passing from one way of living and being governed to another. Scotland had not long been united witli England. While the wisest of the nation saw that the only hope for the country was in being governed by the same king and parliament as theE nGLISH, many of the most powerful men wished not to be governed at all, but to be altogether despotic over their dependents and neighbours, and to have their own way in everytliiin -. (Typographical errors above are due to OCR software and dont occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.
