

## Biotransenergetica (saggi) (Italian Edition)

“Cambia il tuo stato di coscienza e cambierai la tua vita” recita il saggio. Di fronte alla manifesta inadeguatezza, da parte di una certa psicologia, di arrivare all’*essenza* dell’*essere* umano e potersi così occupare della dimensione spirituale, la BTE si propone come una disciplina avanzata, ricca di una metodologia efficace e di un modello teorico articolato, in grado di insegnare, con competenza, la padronanza dell’*esperienza* interiore e degli stati di coscienza che la nostra anima (*psyché*) attraversa nel suo viaggio, spesso travagliato, verso se stessa. La BTE si propone come una sintesi preziosa tra le più antiche conoscenze sciamaniche e sapienziali dell’*umanità* e i più moderni risultati della psicologia transpersonale come della medicina integrale. Nel corso degli ultimi decenni, la BTE ha potuto così proporsi come un valido aiuto per migliaia di persone, consentendo loro di ritrovare il contatto perduto con la propria vera natura, ricostituendo il rapporto originario di armonia con l’*essenza*, il *SÁ*, sano e incorruttibile, fonte del benessere e della felicità.
